

Sessional Teaching Opportunity in Biology St. Mary's University

St. Mary's University invites applications from sessional instructors for some or all of the following biology courses in the Fall and Winter 2017-2018 semesters (Sept 2017 – Apr 2018):

BIOL 205: The Organization and Diversity of Life (for non-science majors, one lecture section per semester)

BIOL 233: Introduction to Biology II (One lecture section)

BIOL 305: Human Organism (for non-science majors, one lecture section)

BIOL 311: Introductory Genetics (One lecture section and 2 laboratory sections)

BIOL 411: Genetics (One lecture section and 2 laboratory sections)

Qualifications: Candidates must have completed a PhD in biology at the time of appointment and have demonstrated a commitment to teaching excellence. Teaching experience at the undergraduate level is strongly preferred. With a strong record of teaching experience, ABD or PhD candidates may also be considered.

Interested candidates should send their curriculum vitae, a letter of application, the names of three referees, and any other relevant materials as soon as possible to:

Dr Tara Hyland-Russell
Vice-President Academic and Dean
St. Mary's University
sessionals@stmu.ca

Consideration of applications will begin immediately and continue until the position is filled.

All qualified candidates are encouraged to apply. However, in accordance with Canadian immigration requirements, Canadian citizens and permanent residents of Canada will be given priority.

St. Mary's University is a vibrant and growing student-focused liberal arts and sciences university located in southern Calgary. We are dedicated to scholarship, teaching excellence, and the development of critical thinkers in the Catholic tradition of the liberal arts.
